Update from Southborough Golf Club

The Southborough Golf Club continues to experience an upswing in rounds played, with gross monthly revenues exceeding \$100,000 for both June and July. Any revenue that the Town receives from the management contract is placed into a revolving fund, and can only be spent on expenses and improvements to the golf course. Recent improvements include additional fencing along Latisquama Road, and realignment of tee boxes on the 6th and 7th holes to reduce the number of balls impacting private residences.

St. Mark's Street Park bids came in well above available funding. DPW is working with the engineer to revise the bid before it is reissued in September.
