Department Head Name

Kenneth M. Paulhus

Department Head Title

Chief of Police

Fiscal Year Requested

FY23

Project Description

Police Body Worn Body Camera program to go along with integrated Taser's and Cruiser Camera's operating under one platform with cloud evidence storage.

Select how your project fits into one or more of the following conditions from the town's Capital Plan

- Preservation of operations
- Improvement in the efficiency and effectiveness of service delivery

Why is the project being requested?

The Department will improve its accountability and professional standards with the latest technology under one operating platform.

Estimated Useful Life (in years)

10

Amount Requested

62,694

Expected Funding Source

General Fund

What alternate funding sources have you pursued to offset any portion of the amount requested?

None. Several small funding opportunities have been presented, but we have not met the criteria to apply.

Describe and quantify any revenue that this project may create for the town or alternatively operating costs that may be reduced (if applicable)

We currently carry Axon Taser's, and have Digital Ally cruiser camera's in front line cars. A current yearly \$10,603.00 lease payment would be incorporated into the program. The cruiser camera's cost approx. \$4,500.00 per new cruiser with a five year shelf life.

Estimated Annual Maintenance Cost of Project

0

Provide details of the expected timeline for implementation of this project, upon funding

To be implemented in the first half of the fiscal year.

Please provide any supporting documentation that supports the amount requested including any available vendor quotes.

Hi Mark,

We met with Axon/Taser and got an all in price on new tasers, body cams, and cruiser cams (software, data storage, warranty, etc. all included) for ten years.

The price would be \$626,947 or 62,947 a year if broken down (21 Officers and six front line cruisers).

It would probably expand a bit as we need a few spares or if we expand.

We currently replace the cruiser cams every five years at a cost of \$4,500.00 each.

We are spending \$10,603.00 a year on Taser lease agreements which will expand quite a bit upon their replacement.

This would be my priority if there are any infrastructure fund projects being considered.

Thanks,

Ken
